Resource and process being measured \*

Example answer

Current measurement, units and observation period \*

Two to three sentences describing the situation, what has already been tried and what outcome is needed, so the reviewer can act without follow-up questions.

Proposed change and conditions to keep comparable \*

The Saturday session started 20 minutes late because the room was double-booked; no other exceptions.

Result measurement and possible side effects to watch

Attendance rose from 42 to 57 people; two sign-in sheets were incomplete and have been re-checked.

**Limitations and what needs setup**

- Submitting the form records the answers in your workspace. It does not approve, schedule, charge or reply on its own unless you add that step to the workflow.
- Email notifications, approval routing, document generation and connections to other systems are available but not switched on until you configure them.
