# Picture Framing Shop - Operating Capacity Watch

Track a defined capacity measure and record when additional resources may be needed. Setting: Picture Framing Shop.

## Contact and reference

**Name or team reference ***

**Reply email, if needed**

**Date of record ***

## Operating Capacity Watch

**Capacity measure and observation period ***

**Available capacity, committed demand and measurement units ***

**Threshold agreed for raising an internal alert ***

**Response proposed if demand reaches that threshold**

## Picture Framing Shop

**Framing-job reference and assembly station ***

**Frame profile, mount size or glazing specification ***

**Artwork handling, dust control or collection packaging**

## Ownership and follow-up

**Team or role responsible for the next action**

**Target follow-up date**

**Current state of this record ***

- ☐ Open for review
- ☐ Waiting for information
- ☐ Next action agreed
- ☐ Completed and checked

**Next action and completion evidence**

## Limitations and what needs setup

- Submitting the form records the answers in your workspace. It does not approve, schedule, charge or reply on its own unless you add that step to the workflow.
- Email notifications, approval routing, document generation and connections to other systems are available but not switched on until you configure them.

**Want help tailoring this form? Free, Starter and Pro include five personal setup sessions, up to 30 minutes each, per new organization.**
